

EKG

By ZipKord
Technology For
Our Future

*"Buy the product,
not the package"*

USB 2.0 A to Micro-B 5-Pin (Micro-5)

EKG Art-card stock begins the Minimal-Packaging Lifecycle as recycled paper

Recycleable, Minimal-Packaging encourages eco-participation by the consumer, and promotes the philosophy *"Buy the product, not the package"*

Package is engineered to facilitate separation of the product by the consumer without injury related to using razor-sharp implements to open traditional PVC clamshell packaging

Cables are manufactured responsibly under RoHS Standards governing the use of harmful substances in manufacturing

Percentage of purchase price is donated to eco-charity
